## marine solutions

- **SAFE**
- **EFFECTIVE**
- **ECONOMICAL**

### INTEK-TRANSCLEAN

is an effective, light foaming, powerwasher cleaner and oil emulsifier concentrate that safely removes dirt, grime, oil, by-products of combustion and the contaminants they entrap, without attacking metal, paint, overcoating, or most synthetics.

**TRANSCLEAN** is aqueous based and mildly alkaline. It rapidly loosens and disperses entrapped contaminants, thereby preventing their redeposition and enabling them to be easily powerwashed or wiped away.

**TRANSCLEAN** effectively removes dirt, grime, road film, gasoline and diesel fuels, machine oils and miscellaneous dirt, from truck and heavy equipment external surfaces, such as:

- Fuel Oil Tank Trucks
- Gasoline Tank Trucks
- Hydrocarbon Tankers
- Tractors & Trailers
- Delivery Trucks
- Panel & Pick-up Trucks
- Earth Movers
- Chains & Cables
- Generators
- Glass & Plastic
- Tools
- Equipment

**TRANSCLEAN** is shipped as a concentrate and used at 1% (99:1 dilution with ordinary tap water). This offers substantial savings by eliminating the unnecessary packaging and shipping of water associated with most pre-diluted aqueous products and by eliminating unnecessary container disposal costs.

#### PHYSICAL & CHEMICAL PROPERTIES

Specific Gravity (at 75°F).....	1.04 ± 0.05
pH of Concentrate (at 75°F).....	8.5 ± 1.0
Boiling Point (10% solution).....	212°F
Evaporation Rate (Water=1).....	1
Appearance.....	Blue Liquid, Slightly Cloudy
Volatile by Vol. ....	<93%
Solubility in Water.....	Completely Miscible

### INTEK-TRANSCLEAN

#### BENEFITS

- **Safe for personnel:** Aqueous based, Mildly alkaline, Noncaustic, Nonflammable
- **Safe for equipment:** Noncorrosive, Nonfoaming
- **Safe for the environment:** No Bioaccumulation, Biodegradable
- **Strong enough to remove difficult oils, yet safe to use**
- **One-step cleaning: quickly removes oils, films and grime, at ambient temperature**
- **Economical and convenient**
- **Free rinsing:** Does not leave a residue
- **Minimal evaporation loss**
- **Not a fire hazard (nonflammable)**
- **Environmentally safe**
- **Effective with a variety of application methods including commercial truck washers, pressure washing, scrubbing**
- **Compatible with most surfaces**
- **Dilute to 1% with ordinary tap water**
- **Discharge of uncontaminated product is acceptable at most sewage treatment plants**
